ADVICE: For the working adult we recommend a maximum of 3 courses for the semester and no more than 2 in Summer

NEW STUDENTS: Students starting the programme in the Academic Year 2018/2019 are required to follow the course sequence for Year 1/Level 1.

Summary Points:

- We recommend that you register for **no more than 3 courses** during the semesters and **2 courses in summer**.
- As an adult learner with competing responsibilities for your time, it is very important during your first year working in this online environment that you adhere to the recommendation above to ensure that you do not over-extend yourself and compromise your academic performance.
- Once you have successfully completed your first year in this programme you will be in a better position to determine if you are able to take additional credit hours.
- Your Level 1 courses are very important to prepare you for your Levels 2 and 3 courses. It is therefore important that you make your first year a success.

Tips:

- **Examine your Offer Letter** from the **Recruitment, Admissions & Registration Department** to determine if you are required to take the following pre-requisites:-
 - **English Language Proficiency Test (ELPT)** - pre-requisite for FOUN1001: English for Academic Purposes.
 - **Improving Your Math Skills (IYMS)** - pre-requisite for ECON1003: Mathematics for Social Sciences I. IYMS is offered three (3) times within the academic year (*Semester 1, Semester 2 and Summer*).
- If you are required to take ELPT and/or IYMS please ensure that you do so at the first available offering.
- You should attempt to complete all of your Foundation courses in your first year of study.
- Attend and participate in **all Student Orientation Sessions** scheduled by the Programme Delivery Department (PDD) and your Local Site Office.
- *Check this Programme Advising document regularly for any adjustments to the schedule.*

INTERNAL TRANSFER/CONTINUING STUDENTS:-

- Students, who started prior to the Academic Year 2018/2019, are required to complete their Levels 1 and 2 courses before moving to Level 3.
- Courses being repeated should be taken at the first available opportunity before you attempt to register for courses at the next Level.
- **Pay close** attention to pre-requisite courses.
- **Plan your courses wisely** to ensure the successful completion of the courses you register for this academic year.
- Maintain a **Grade Point Average (GPA) of 2.0 and above**.

Assessment:

Detailed information on the type of course assessments for your registered courses would be made available in the Course Guide posted on the respective course pages in the Learning Exchange at the start of each semester. You are encouraged to read your Course Guide/s carefully. The following are the categories of assessments -:

- *100% Continuous Assessment:* In this method you will be assessed using 100% coursework, which would include but not be limited to the following graded activities: (quizzes, debates, portfolios, discussions, projects/reports, etc.) throughout the semester.

OR
