IMPORTANT INFORMATION TO GUIDE COURSE SELECTION/ REGISTRATION

This document was updated on January 4, 2019.

New Students: Students who enrolled as of Academic Year 2018/2019 must follow the prescribed course of study and sequence given for their programme.

Continuing Students: Students are required to successfully, complete all courses in Year 1 before they can proceed to Undertake courses in Year 2.

Advice For Managing Your Course Load: Most students carry between 1 – 3 courses per semester. Plan wisely to suit your particular situation so you may perform at your full potential. Do not jeopardize your long-term goals by being unrealistic about what you can handle.

The **ASc in Business Management** is designed to provide an academic foundation and specialised training to effectively help students meet the challenges of the contemporary workplace. Students build theoretical knowledge and management competencies in a broad range of functional areas. The ASc in Business Management programme is delivered online. However, final examinations are held face-to-face at the respective sites. The ASc. Degree in Business Management programme has 60 credits. Students may use this programme to ladder into a Bachelor's degree (BSc).

The **ASc in Business Management** operates under a semester system.

- Semester 1 and 2 each, have thirteen (13) weeks of instruction plus an examination period.
- Summer session has seven (7) weeks of instruction plus the examination period.

Summer Offering: Summer is not mandatory and is not a regular semester. However, it gives students the opportunity to complete courses outside the regular semesters and adds flexibility to your programme plan, however the study period is shorter (7-8 weeks) and very intensive.

Summer also gives finalizing students the opportunity to fast track their programme for completion to be eligible for graduation in October of academic year 2018/2019. Note the **summer period** is not funded by the Government Assistance for Tuition Expenses Programme (GATE).

Requirements for an Award: To be eligible for the award of Associate Degree in Business Management a student must successfully complete the equivalent of sixty (60) credits distributed as follows:

- Six (6) Compulsory General Education Courses (18 credits)
- Thirteen (13) compulsory Core Courses (39 credits)
- One (1) elective course (3 credits)

Duration of the programme: Students studying on a **full-time** schedule must complete the programme in a maximum of 8 semesters or two years; and **part time** for 16 semesters or three years. However, we strongly recommend that you do not attempt **more than 3 courses** if, as an adult, your job and family commitments make it difficult to meet the academic requirements of your programme. Each course is 39 contact hours.

Assessment Methods: The work of students will be assessed and evaluated on a continuous basis through assignments, class-work, tests and an end-of-semester examination in each subject. Assessment requirements are noted in the course outline of each course with clear guidelines, due dates and the weighting for each assessment task.
